

THANK YOU

Thanks to **KIDS** like **YOU**, Doctors of BC and Tree Canada are planting 2,500 trees on Vancouver Island.

The trees will be cared for so they can grow healthy and strong, making them equal to **25,000** saplings planted and left to grown alone!

By taking part in the **BE ACTIVE EVERY DAY CHALLENGE** this year, kids like **YOU** helped future generations enjoy all the benefits of trees!

**be active
every day**
